

PHYSICS WITHOUT FRONTIERS AFGHANISTAN

AFGHAN PHYSICS STUDENTS' CONFERENCE 2026

Dates: 27-28 October 2026

Full Information & Registration: indico.ictp.it/event/11480/

To Register: tinyurl.com/AfghanPWF

The 3rd ICTP PWF Annual Afghan Physics Students' Conference brings together Afghan physics students online with leading international researchers, universities, and scientific organisations.

Afghan undergraduate and graduate students are **invited to present their research through** presentations, and connect with the global physics community. The programme will also feature presentations from international institutions on research and study opportunities, as well as a special keynote lecture by **Professor John Ellis**. Applications are open until **28 September 2026**.

ORGANISING COMMITTEE

Chair: **Sharif Hussainyar**, University Medical Center Hamburg-Eppendorf, Germany

Farsila Payandi, IASBS, Iran

Humaira Yaqoti, IASBS, Iran

Ahmad Fahim Spinghar, International Islamic University, Islamabad (IIUI), Pakistan

Kate Shaw, ICTP, Italy, & University of Sussex, UK

Baktash Amini, University of Freiburg, Germany

Zainab Nazari, European Brain Research Institute (EBRI), Italy

The Abdus Salam
International Centre
for Theoretical Physics
