

Winter College on Optics: Optical Frequency Combs - from multispecies gas sensing to high precision interrogation of atomic and molecular targets | (smr 2811)

Contribution ID : 7

Type : **not specified**

## **Nonlinear optics in the short pulse regime: basics and practice - part 1**

*Tuesday, 16 February 2016 14:00 (1:30)*

**Content**

**Summary**

**Presenter(s) :** MARCO MARANGONI (Politecnico di Milano - ITALY)

**Session Classification :** not yet classified
