

**Winter College on Optics: Optical Frequency Combs - from multispecies gas sensing to high precision interrogation of atomic and molecular targets |  
(smr 2811)**

Contribution ID : **20**

Type : **not specified**

## **Molecular spectroscopy: basics - part 2**

*Friday, 19 February 2016 11:00 (1:30)*

### **Content**

### **Summary**

**Presenter(s) :** ERIK KERSTEL (Université Joseph Fourier - FRANCE)

**Session Classification :** not yet classified
