

Winter College on Optics: Optical Frequency Combs - from multispecies gas sensing to high precision interrogation of atomic and molecular targets | (smr 2811)

Contribution ID : 21

Type : **not specified**

## Optical spectroscopy techniques - part 1

*Friday, 19 February 2016 14:00 (1:30)*

**Content**

**Summary**

**Presenter(s)** : DANIEL LISAK (Uniwersytet Mikołaja Kopernika - POLAND)

**Session Classification** : not yet classified
