

Winter College on Optics: Optical Frequency Combs - from multispecies gas sensing to high precision interrogation of atomic and molecular targets | (smr 2811)

Contribution ID : 34

Type : not specified

From phase stable pulses to the attosecond science

Wednesday, 24 February 2016 16:00 (2:00)

Content

Summary

Presenter(s) : CATERINA VOZZI (Istituto di Fotonica e Nanotecnologie, CNR - ITALY)

Session Classification : not yet classified
