College on Medical Physics: Enhancing the Role of Physicists in Clinical Medical Imaging: Procedure Optimization, Quality Assurance, Risk Management, Training

5 - 23 September 2016

Adriatico Guesthouse - Kastler Lecture Hall

POSTER SESSION

Poster session open to all participants:

On Friday afternoon, September 9 - a poster session is scheduled.

You are encouraged to present a poster on "Medical Physics Professional Development and Education in (your country)".

You may present one poster together with other colleagues from the same country.

A small cash prize for the best posters is foreseen.
Details are still being finalized.

The posters will be invited to be developed as a paper in Medical Physics International Journal (www.mpijournal.org)

Posters must be printed and posted on the boards, size not exceeding 1 meter x 2 meters. Printing facilities are available at ICTP.
