Conference on Entanglement and Non-Equilibrium Physics of Pure and Disordered Systems | (smr 2822)

Monday 25 July 2016

DAY 1 - MONDAY - Adriatico Guest House - Kastler Lecture Hall (08:15-21:30)

time	title	presenter
08:15	Registration of participants and administrative issues (part 1)	
09:55	Opening remarks	CONFERENCE ORGANIZERS
10:00	Some geometrical aspects of entanglement in Holography and CFT (from the lattice)	ERIK TONNI
10:40	Coffee Break	
11:10	Strong zero modes: what they are and what they're good for	PAUL FENDLEY
11:50	Non-Equilibrium Dynamics of Topological Systems	JOE BHASEEN
12:30	Lunch break	
14:00	Registration of participants and administrative issues (part 2)	
15:00	Consequences of MBL-type and Yang-Baxter-type integrability for observable quantum dynamics	JOEL MOORE
15:40	Light-Cones & Thermalization in isolated Quantum Many Body Systems	ANDREAS LÄUCHLI
16:20	Coffee break	
17:30	POSTER SESSION	
19:30	Welcome Buffet
