Workshop on Theory and Practice of Adiabatic Quantum Computers and Quantum Simulation | (smr 2825)

Tuesday 23 August 2016

Convener: P. Love - LB (Budinich Lecture Hall) (11:00-14:30)

time	title	presenter
11:00	Adiabatic Evolution of the Random transverse-field Ising Spin Chain	P. MASON
11:25	Hamiltonian engineering for many-body quantum systems by shortcuts to adiabaticity	K. TAKAHASHI
11:50	Quantum-Classical Monte Carlo Algorithm for Simulating AQC	I. HEN
12:35	Lunch Break
