Workshop on Theory and Practice of Adiabatic Quantum Computers and Quantum Simulation | (smr 2825)

Wednesday 24 August 2016

Convener: E. Crosson - LB (Budinich Lecture Hall) (11:00-14:30)

time	title	presenter
11:00	Fictitious but Efficient Annealing Dynamics, and Role of Quantum Entanglement Therein	K. IMAFUKU
11:25	Parametric excitation of a superconducting qubit due to a nonadiabatic modulation of Lamb shift	V. POGOSOV
11:50	Inhomogeneous quasi-adiabatic driving of quantum critical dynamics in disordered spin chains	M. RAMS
12:35	Lunch Break
