Conference: What about U? - Effects of Hubbard Interactions and Hund's Coupling in Solids | (smr 2827)

Thursday 20 October 2016

Day 4 - LB (Budinich Lecture Hall) (09:00-18:30)

45' talks are to be understood as 30' talk + 15' questions

30' talks are to be understood as 20' talk + 10' questions

time	title	presenter
09:00	The makings of a Hund's metal	A. KHAJETOORIANS
09:45	Hund's induced Fermi liquid instabilities	L. DE' MEDICI
10:30	Coffee break	
11:00	Contributed talk: Anomalous scaling and breakdown of DFT for Mott phenomena	V. BROSCO
11:30	Koopmans-compliant functionals for spectroscopy	N. COLONNA
12:15	Lunch break	
14:15	Orbital-DFT for spectroscopies	A. FERRETTI
15:00	Comparison of Self-Consistent DFT+U Approaches via Direct Minimisation	G. MOYNIHAN
15:30	Coffee break	
16:00	Round table on Methods
