# Conference: What about U? - Effects of Hubbard Interactions and Hund's Coupling in Solids | (smr 2827)

## Friday 21 October 2016

**Day 5 - LB (Budinich Lecture Hall) (09:00-12:30)**

*45' talks are to be understood as 30' talk + 15' questions*

*30' talks are to be understood as 20' talk + 10' questions*

time	title	presenter
09:00	Contributed talk: DFT+DMFT for structural properties of actinides	B. AMADON
09:30	Contributed talk: Orbital Selectivity and Hund's Physics in Iron-Based Superconductors	L. FANFARILLO
10:00	Effect of negative Hund's coupling in alkali-doped fullerenes	R. ARITA
10:45	Coffee break	
11:15	Concluding Remarks
