# Eighth ICTP Workshop on the Theory and Use of Regional Climate Models | (smr 2831)

## Thursday 26 May 2016

**notitle - AGH (Kastler Lecture Hall) (09:00-14:00)**

time	title	presenter
09:00	Convection permitting modeling	VAN LIPZIG, Nicole
09:30	Convection-resolving climate change simulations: Short-term precipitation extremes in a changing climate	BAN, Nikolina
10:00	Nonhydrostatic vs. hydrostatic dynamics: testing new capabilities in RegCM	GUETTLER, Ivan
10:30	coffee break	
11:00	Vegetation coupling	STORDAL, Frode
11:30	Aerosols	SOLMON, Fabien
12:00	Assessing the performance of RegCM4-chem in the simulation of ozone levels: Summer circulation over Mediterranean and stratospheric intrusion events	ZANIS, Prodromos
12:30	lunch break
