Eighth ICTP Workshop on the Theory and Use of Regional Climate Models | (smr 2831)

Friday 27 May 2016

notitle - AGH (Kastler Lecture Hall) (09:00-17:00)

time	title	presenter
09:00	Atmosphere-ocean interactions	FARNETI, Riccardo
09:30	Recent developments in RegESM modeling system and plans to support higher resolution and multi-component applications	TURUNCOGLU, Ufuk
10:00	Coupling - India	DI SANTE, Fabio
10:30	coffee break	
11:00	Overview of a Regional Ocean-Atmosphere Coupled Model FROALS	ZHOU, Tianjun
11:30	Coupling - South Atlantic	SITZ, Lina
12:00	Assessment of the Regional Climate Earth System Model (RegESM) in reproducing observed climatic features of the atmosphere over the CORDEX Central America domain	FUENTES FRANCO, Ramon
12:30	lunch break	
14:00	Lab session	
15:30	Coffee break
