# Eighth ICTP Workshop on the Theory and Use of Regional Climate Models | (smr 2831)

## Monday 30 May 2016

**notitle - AGH (Kastler Lecture Hall) (09:00-17:00)**

time	title	presenter
09:00	High-resolution ensemble projections of near-term regional climate over the continental United States	ASHFAQ, Moetasim
09:20	Climate Extreme Index Analysis Based on High Resolution Regional Simulation	BATIBENIZ, Fulden
09:40	Dynamical downscaling: events – oriented verification	SALINAS PRIETO, Jose Antonio
10:00	coffee break	
10:30	Lab session	
12:30	lunch break	
14:00	Lab session	
15:30	Coffee break
