

Indian ocean influence on precipitation and cloud cover  
in :Speedy Model simulations through ensemble run

Debanjana DAS,  
Yanjie Li,  
Aihui Wang,  
Fei Zheng

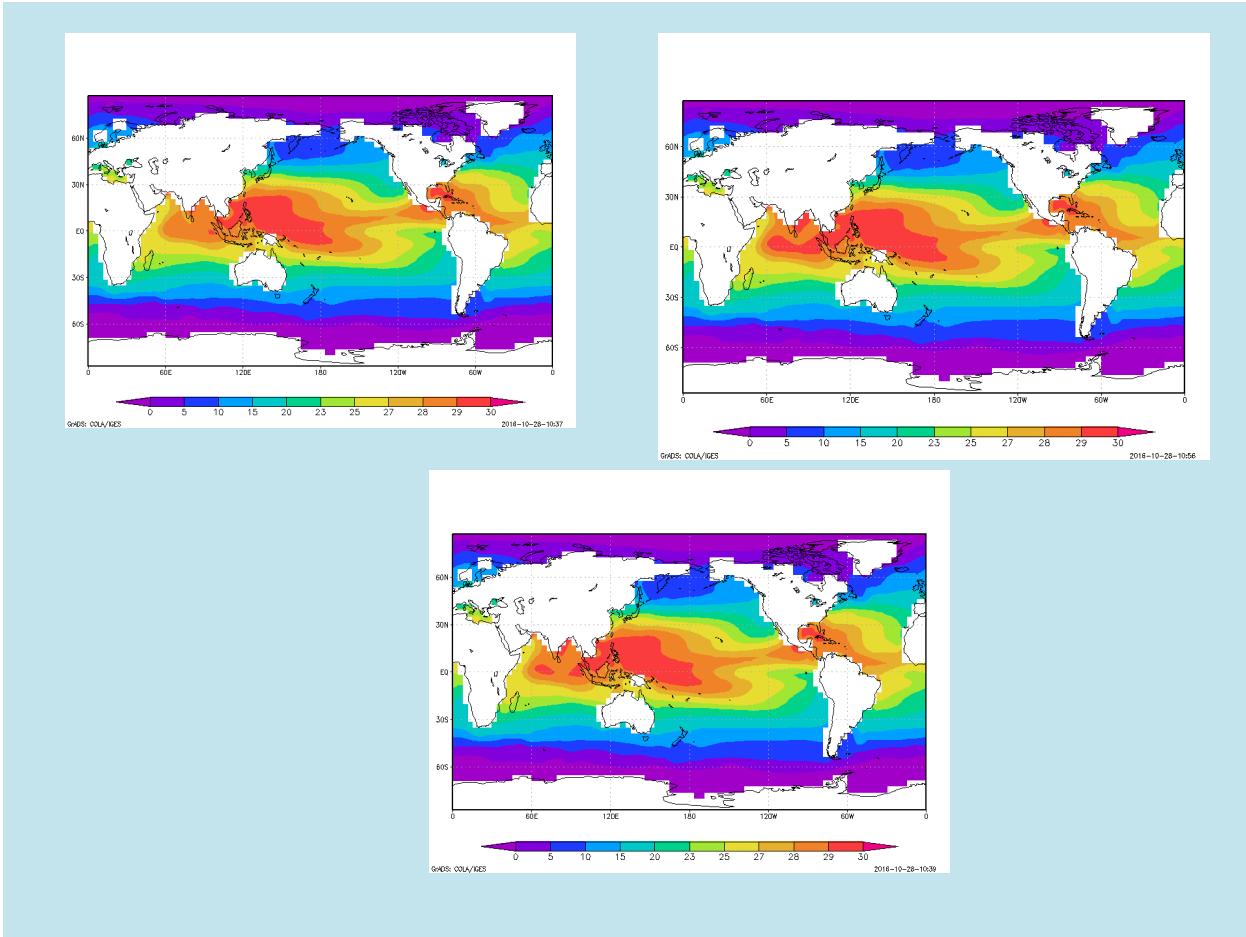

ICTP Workshop on Tele-connections in the present and future climate  
Trieste, Italy 2016

Experiment :

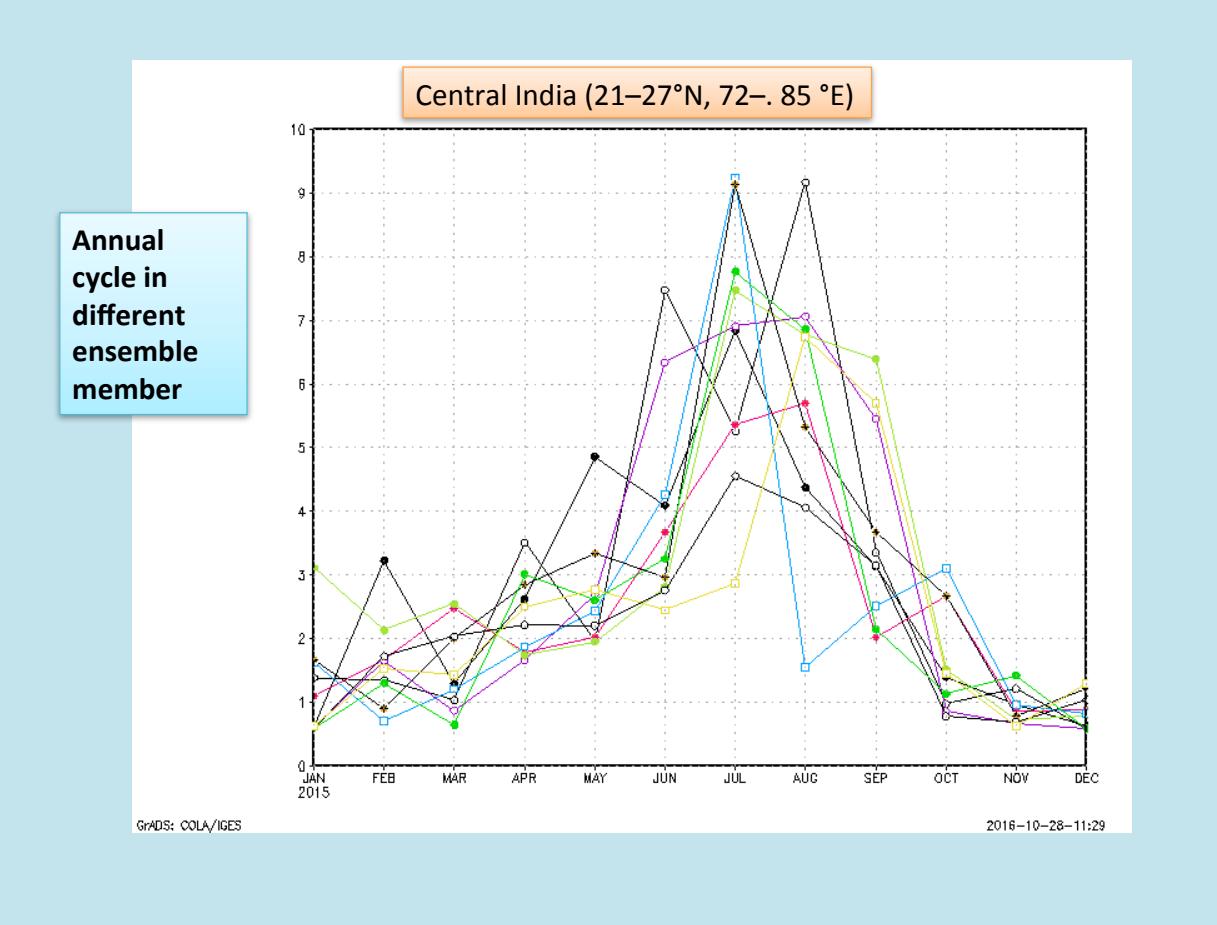

- 1. Control run: forced by global climatological SST
- 2. Positive sensitivity run: Indian ocean warming anomalies
- 3. Negative sensitivity run: Indian ocean cooling anomalies

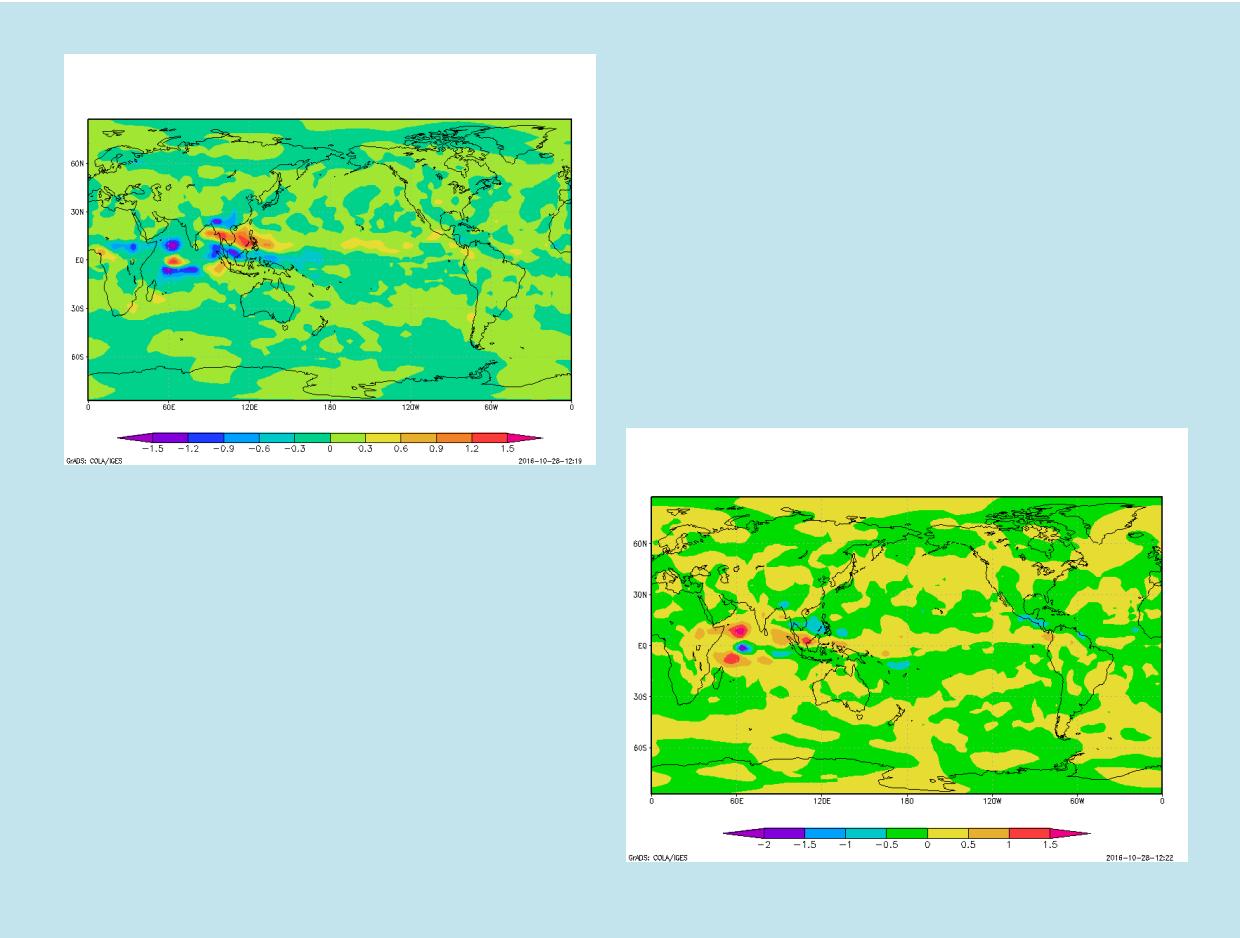

Indian ocean region: -20S -20N ; 40 E-110E

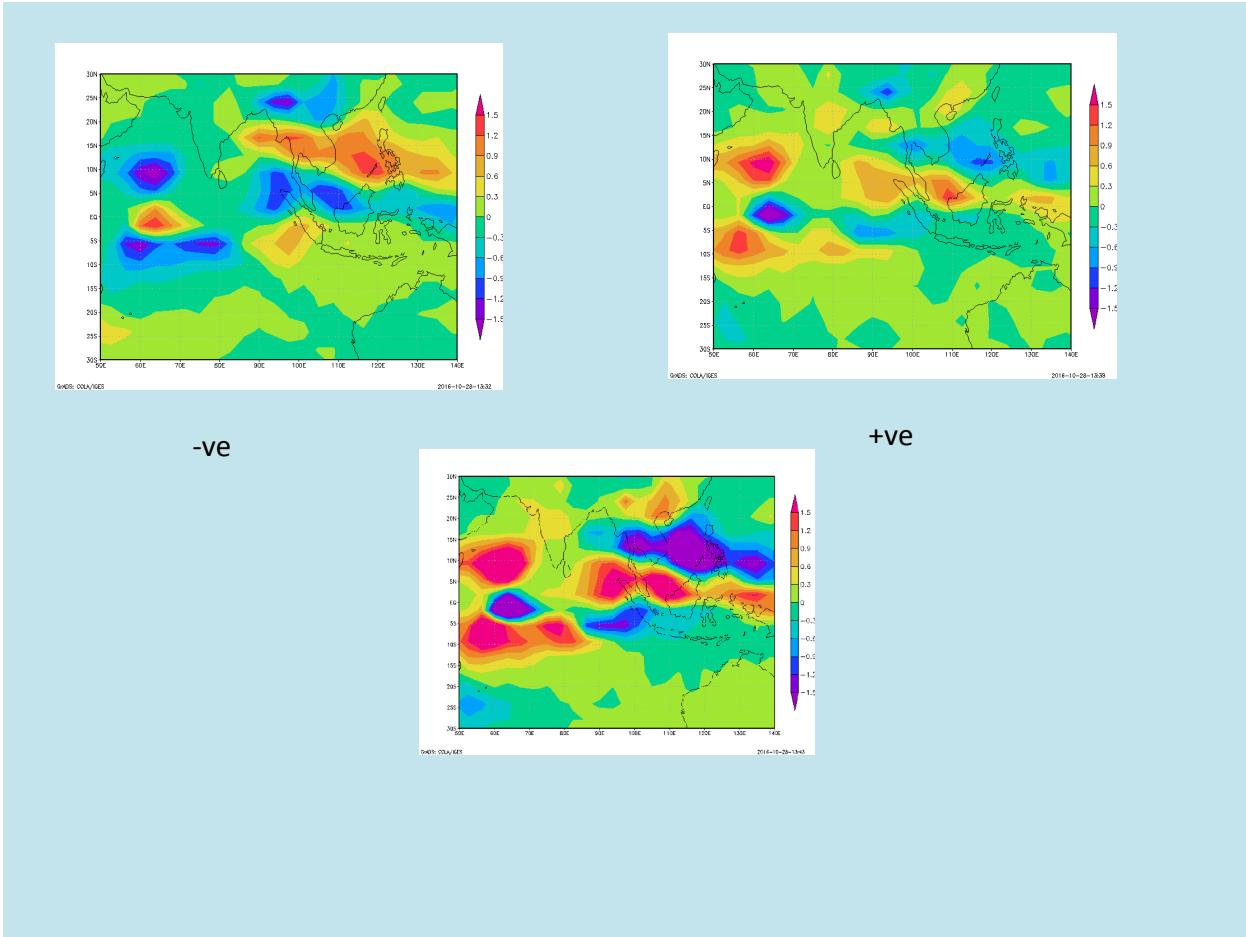

No of Ensemble :100

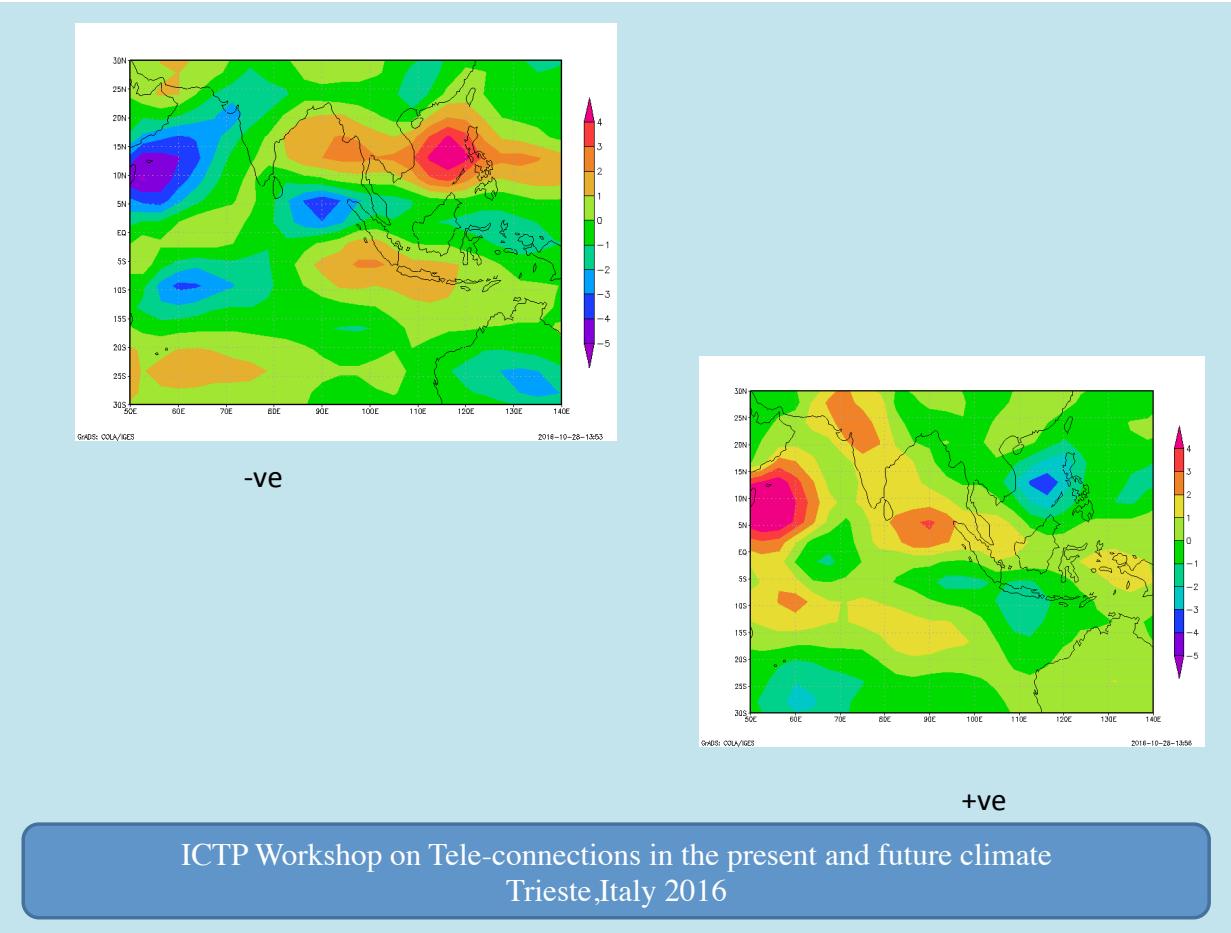

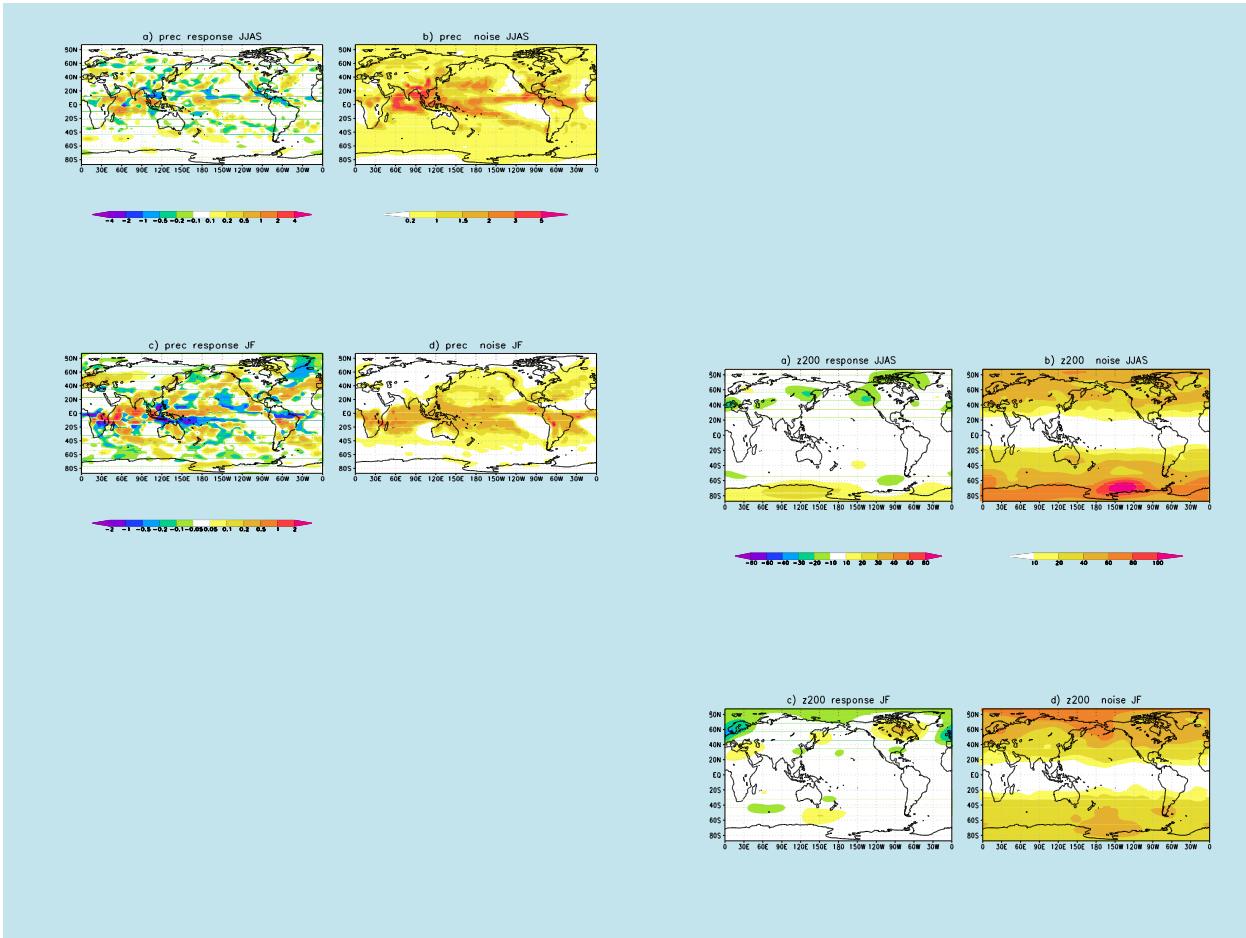

Annual  
cycle in  
different  
ensemble  
member
