Joint ICTP-IAEA Workshop on Physics and Technology of Innovative Nuclear Energy Systems for Sustainable Development | (smr 2850)

Monday 29 August 2016

Monday, 29 August 2016 - Leonardo Building - Euler Lecture Hall (08:30-22:30)

time	title	presenter
08:30	Registration and Administrative formalities	
10:45	Served Coffee Break	
11:00	Introduction and Development of Innovative Nuclear Energy Systems (NES) at IAEA	V. KRIVENTSEV
11:45	Reactor Physics of Innovative NES (part 1)	M. SALVATORES
12:35	Lunch Break	
14:00	Reactor Physics of Innovative NES (part 2)	M. SALVATORES
14:45	Nuclear Materials for innovative NES: Design requirements and Materials for neutron spallation targets (part 1)	C. FAZIO
15:35	Break	
15:45	Nuclear Materials for innovative NES: Design requirements and Materials for neutron spallation targets (part 2)	C. FAZIO
16:30	Break	
16:45	Poster Session	
19:30	Reception
