

Workshop on Spectroscopy and Dynamics of Photoinduced Electronic  
Excitations | (smr 3116)

Contribution ID : 32

Type : **not specified**

**High efficiency approaches to solar energy  
conversion using quantum dots and perovskites**

*Monday, 8 May 2017 10:00 (1:00)*

**Content**

**Summary**

**Presenter(s)** : MATTHEW C. BEARD (National Renewable Energy Laboratory)

**Session Classification** : EXCITON DYNAMICS IN NANOSTRUCTURED MATERIALS
