Workshop on Spectroscopy and Dynamics of Photoinduced Electronic Excitations | (smr 3116)

Tuesday 09 May 2017

**CHARGE DYNAMICS IN ORGANIC MATERIALS - Leonardo Building - Budinich Lecture Hall
(14:45-17:15)**

time	title	presenter
14:45	Hydrogen bonded bio-organic semiconductors	NIYAZI SERDAR SARICIFTCI
15:45	On the role of spin states in charge transfer reactions in organic photovoltaics and electroluminescence	VLADIMIR DYAKONOV
16:45	Coffee break
