Fourth Workshop on Water Resources in Developing Countries: Hydroclimate Modeling and Analysis Tools | (smr 3125)

Wednesday 14 June 2017

notitle - Kastler Lecture Hall (AGH) (09:00-18:00)

time	title	presenter
09:00	Evaluating downscaling results and regional climate projections	MARAUN, D.
10:00	coffee break	
10:30	Response of the hydrological cycle to the global warming	GIORGI, F.
11:15	The right ingredient for hydroclimate modelling: an overview of the ICTP activity	COPPOLA, E.
12:00	Hydrology considerations in health	TOMPKINS, A.
12:45	lunch break	
14:00	Lab session on empirical statistical downscaling, bias correction and weather generators	MARAUN, D.
15:30	coffee break	
16:00	Lab session on CHyM hydrological modelling	VERDECCHIA / DI SANTE
