Conference: TMB-NET: Turbulent Mixing and Beyond - Non-Equilibrium Transport across the scales | (smr 3141)

Wednesday 16 August 2017

- Leonardo Building - Euler Lecture Hall (09:00-10:20)

time	title	presenter
09:01	Massively parallel Smoothed Particle Hydrodynamics modeling of shock-loaded spherical particles	DYACHKOV SA
09:20	Dynamics of turbulent melting from below driven by thermal convection	RABBANIPOUR EB
09:40	Phase field model for immiscible two phase flow in microfluidic junctions	HAFSI Z
10:00	The dynamics of selfish flocks	ALGAR SD
