Conference: TMB-NET: Turbulent Mixing and Beyond - Non-Equilibrium Transport across the scales | (smr 3141)

Tuesday 15 August 2017

- Leonardo Building - Budinich Lecture Hall (10:30-12:50)

| time | title | presenter |
|-------|---|----------------|
| 10:30 | Cascades and scaling in two-dimensional compressible turbulence | KRITSUK A |
| 11:00 | Primordial magneto-hydrodynamic turbulence and its signatures | KAHNIASHVILI T |
| 11:30 | Mixing as relaxation | WILLIAMS RJR |
| 12:00 | On the multidimensional character of core-collapse supernova explosions | ENDEVE E |
| 12:30 | Effect of large-scale vorticity perturbations on shocks undergoing nuclear dissociation | HUETE C |
