

## **Design of tailored fluorescent colloidal probes using thermodynamically stable nanovesicles as scaffolds**

*Friday, 25 May 2018 09:00 (0:50)*

### **Content**

### **Summary**

**Presenter(s)** : VENTOSA, Nora (ICMAB-CSIC, Barcelona, Spain)

**Session Classification** : Session 15 - Bio-functional materials, complex living systems and interaction with light - III
