

## Spring School on Superstring Theory and Related Topics

14.03.2018 - 22.03.2018

Trieste, Italy

*In collaboration with the: Asia Pacific Center for Theoretical Physics (APCTP) and  
Italian Institute for Nuclear Physics (INFN)*

### ORGANIZERS

---

|                   |                                   |       |
|-------------------|-----------------------------------|-------|
| DABHOLKAR Atish   | ICTP & Sorbonne Universités Paris | India |
| GAVA Edi          | INFN Trieste                      | Italy |
| HUBENY Veronika   | UC Davis                          | USA   |
| NARAIN Kumar Shiv | ICTP                              | India |

### LECTURERS

---

|                                |                          |           |
|--------------------------------|--------------------------|-----------|
| BENINI Francesco               | SISSA                    | Italy     |
| HARTMAN Thomas Edward          | Cornell University       | USA       |
| HUERTA Marina                  | Centro Atomico Bariloche | Argentina |
| INTRILIGATOR Ken               | UC San Diego             | USA       |
| KLEBANOV Igor                  | Princeton University     | USA       |
| PIMENTEL Guilherme             | University of Amsterdam  | Brazil    |
| PORTO PEREIRA Rafael Alejandro | ICTP - SAIFR             | Uruguay   |

## PARTICIPANTS

---

|                                  |  |            |
|----------------------------------|--|------------|
| Afshar Hamid Reza                | IPM Tehran                               | Iran       |
| Amariti Antonio                  | INFN sezione di Milano                   | Italy      |
