Ninth ICTP Workshop on the Theory and Use of Regional Climate Models | (smr 3208)

Thursday 07 June 2018

notitle - Adriatico Guest House - Informatics Laboratory (09:00-17:30)

time	title	presenter
09:00	West-African rainfall variability and its linkages with SST changes	WOROU, Koffi
09:15	Drought risk assessment of food security in a regional climate model perspective over Africa	GELASSIE YOHANES, Tinebeb
09:30	Local peculiarities in the influence of greenhouse gases on the climate of West Africa	ADENIYI, Mojisola
09:45	impact of anthropogenic aerosols on cloud and radiative properties over Côte d'Ivoire	DAJUMA, Alima
10:00	Comparison of RegCM4.5 and RegCM4.6 simulations for the Carpathian region	KALMÁR, Tímea
10:15	Intraseasonal variability of summer precipitation in Mexico and Central America	CORRALES SUASTEGUI, Arturo
10:30	Coffee break	
11:00	Lab session	
12:30	Lunch break	
14:00	Lab session
