# Ninth ICTP Workshop on the Theory and Use of Regional Climate Models | (smr 3208)

## Tuesday 29 May 2018

**notitle - Budinich Lecture Hall (LB) (09:00-14:00)**

time	title	presenter
09:00	South America CORDEX experiment using RegCM	SINES, Taleena
09:25	Evaluation of RegCM4 simulations over South America CORDEX domain – focusing on the AMZ and LPB Basins	LLOPART, Marta
09:50	Assesment of fine resolution RegCM simulations over south-southeast Brazil	PORFIRIO DA ROCHA, Rosmeri
10:15	South America RegCM4: results and challenges from CORDEX phase 1 to phase 2	REBOITA, Michelle
10:40	Group Photop - coffee break	
11:00	Projections of rising heat stress due to global warming	IM, Eun-Soon
11:25	Future changes in thermal comfort conditions over China based on multi-RegCM4 simulations	GAO, Xuejie
11:50	South East Asia Domain	STOCCHI, Paolo
12:15	lunch break
