ICTP Summer School on Theory, Mechanisms and Hierarchical Modelling of Climate Dynamics: Multiple Equilibria in the Climate System | (smr 3214)

Wednesday 27 June 2018

notitle - Giambiagi Lecture Hall (AGH) (08:30-17:30)

time	title	presenter
08:30	Structure of the tropics and midlatitudes: Contrasts and Similarities	VALLIS, Geoffrey
09:30	Structure of the tropics and midlatitudes: Contrasts and Similarities	VALLIS, Geoffrey
10:30	coffee break	
11:00	Changes in latitude: Structure of the tropics and midlatitudes: Contrasts and Similarities	VALLIS, Geoffrey
12:00	lunch break	
13:30	Using multiple equilibria to interpret paleoclimate	FERREIRA, David
14:30	Using multiple equilibria to interpret paleoclimate	FERREIRA, David
15:30	coffee break	
16:00	Exercises with Isca
