ICTP Summer School on Theory, Mechanisms and Hierarchical Modelling of Climate Dynamics: Multiple Equilibria in the Climate System | (smr 3214)

Thursday 28 June 2018

notitle - Giambiagi Lecture Hall (AGH) (08:30-17:30)

time	title	presenter
08:30	Interactions between convection and large-scale circulations in the tropical atmosphere	BORDONI, Simona
09:30	Modern theories of monsoons	BORDONI, Simona
10:30	coffee break	
11:00	Tipping points in monsoons?	BORDONI, Simona
12:00	lunch break	
13:30	Coupled ocean-atmospheric feedbacks for tropical convective variability	XIE, Shang-Ping
14:30	Coupled ocean-atmospheric feedbacks for tropical convective variability	XIE, Shang-Ping
15:30	coffee break	
16:00	Exercises with Isca
