Conference on Shedding Light on the Dark Universe with Extremely Large Telescopes | (smr 3218)

Tuesday 03 July 2018

Dark Energy I - Leonardo Building - Budinich Lecture Hall (09:15-14:15)

- Conveners: **Simona Vegetti**

time	title	presenter
09:15	Constraining Dark Energy with Distant Supernovae in the ELT Era	ISOBEL HOOK
09:55	Status and prospects for the Extragalactic Distance Scale with ELTs	LUCAS MACRI
10:35	Rapid poster session (1 minute 1 slide)	
10:55	Coffee Break & Poster Session	
11:40	Measuring the Hubble constant with time-delay cosmography: The present and the future	SIMON BIRRER
12:20	Constraining cosmic curvature by using age of galaxies and gravitational Lenses	DEEPAK JAIN
12:40	Lunch Break
