Conference on Shedding Light on the Dark Universe with Extremely Large Telescopes | (smr 3218)

Thursday 05 July 2018

Dark Matter II - Leonardo Building - Budinich Lecture Hall (09:15-14:15)

- Conveners: Arianna di Cintio

time	title	presenter
09:15	Towards high-precision lensing models: illuminating dark matter and dark ages	PIERO ROSATI
09:55	Insights into dark matter from the stellar halos of galaxies	ROBYN SANDERSON
10:35	Coffee Break	
11:20	Searching for New Physics using Quasar Spectroscopy	JOHN K. WEBB
12:00	Dark Matter from Lyman-alpha forest	VID IRSIC
12:20	Determining dark matter content of Milky Way satellite galaxies with current and future facilities	MEI-YU WANG
12:40	Lunch Break
