# Workshop on Supersymmetric Localization and Holography: Black Hole Entropy and Wilson Loops | (smr 3227)

## Thursday 12 July 2018

**Thursday, 12 July 2018 - Leonardo Building - Budinich Lecture Hall (09:00-15:50)**

time	title	presenter
09:00	On Newton's Constant and Interpolating Function	SOO-JONG REY
09:50	Coffee Break	
10:20	The topological structure of supergravity	CAMILLO IMBIMBO
11:20	A geometric dual of c-extremization	JAMES SPARKS
12:10	Lunch Break	
14:00	Boundary Conditions and Localization on AdS	RAJESH GUPTA
15:00	Supersymmetric Bolt solutions and their free energy via localization	CHIARA TOLDO
