# Advanced School and Workshop on Correlations in Electron Systems – from Quantum Criticality to Topology | (smr 3232)

## Wednesday 08 August 2018

### Transport in Strongly Correlated Systems - Budinich Lecture Hall (LB) (11:00-14:30)

time	title	presenter
11:00	The Wiedemann-Franz law in WP2: zero-temperature validity, finite-temperature departure, and the role of electron-electron scattering	K. BEHNIA
11:40	Extreme diffusion: a bound and a model	S. HARTNOLL
12:20	Lunch break
