# Advanced School and Workshop on Correlations in Electron Systems – from Quantum Criticality to Topology | (smr 3232)

## Wednesday 08 August 2018

### Transport II/Quantum Criticality II - Budinich Lecture Hall (LB) (14:30-17:00)

time	title	presenter
14:30	Electrical resistivity across a nematic quantum critical point	N. HUSSEY
15:10	Universal T-linear Resistivity and Planckian Limit in Overdoped Cuprates	C. PROUST
15:50	Coffee break	
16:20	Thermal Transport Beyond the Mott-Ioffe-Regel Limit	A. KAPITULNIK
