

## **Invited Lecture: Development of nuclear electric batteries based on durable actinide-doped crystals**

*Thursday, 13 September 2018 09:00 (0:45)*

### **Content**

### **Summary**

**Presenter(s) :** MARIA ZAMORYANSKAYA

**Session Classification :** ADVANCED MATERIALS BASED ON DURABLE ACTINIDE HOST-PHASES – NEW TYPES OF Pu FUELS AND TARGETS FOR ACTINIDE TRANSMUTATION
