19th International Workshop on Computational Physics and Material Science: Total Energy and Force Methods | (smr 3266)

Thursday 10 January 2019

Session 12 - Simulating Materials and Processes Across Length and Time Scales - Budinich **Lecture Hall (LB) (17:00-18:05)**

time	title	presenter
17:00	Chairperson: Mike FINNIS	
17:05	A sounded journey from nano to macro into everyday materials through multiscale molecular simulations	MIRANDA RODRIGUES, Caetano
17:35	Modelling electrochemical solid/liquid interfaces by first principles calculations	TODOROVA, Mira
