

19th International Workshop on Computational Physics and Material
Science: Total Energy and Force Methods | (smr 3266)

Contribution ID : 8

Type : **not specified**

Modelling point defects for quantum information science

Wednesday, 9 January 2019 14:25 (0:30)

Content

Summary

Presenter(s) : VAN DE WALLE, Christian (University of California @ Santa Barbara, U.S.A.)

Session Classification : Session 3 - Spins, Correlations and Entanglement and Quantum Information
