19th International Workshop on Computational Physics and Material Science: Total Energy and Force Methods | (smr 3266)

Thursday 10 January 2019

Session 7 - PROGRAMME CHANGE - Novel Electronic Structure Methods for Ground Excited States - Budinich Lecture Hall (LB) (09:40-10:45)

time	title	presenter
09:40	Chairperson: Jeffrey NEATON	
09:45	Application of accurate wavefunction based methods to solids and surfaces	NEESE, Frank
10:15	Group Photo + Coffee break
