

2nd ICTP Summer School on Theory, Mechanisms and Hierarchical Modelling of Climate Dynamics: Convective Organization and Climate Sensitivity

01/07/2019 - 12/07/2019
Trieste, Italy

7 DIRECTORS

Farneti Riccardo	ICTP	Italy
Hohenegger Cathy	Max-Planck-Institut für Meteorologie	Germany
Holloway Christopher Earl	University of Reading, Department of Meteorology	United Kingdom
Kucharski Fred	ICTP	Italy
Muller Caroline	Laboratoire de Meteorologie Dynamique (LMD)	France
Tompkins Adrian Mark	ICTP	Italy
Wing Allison Anne	Florida State University	United States of America

20 SPEAKERS

Biasutti Michela	Lamont-Doherty Earth Observatory Columbia University	United States of America
Bony Sandrine	C.N.R.S.- Laboratoire de Meteorologie Dynamique (LMD), UPMC	France
Bordoni Simona	California Institute of Technology Environmental Science and Engineering, Division of Geological and Planetary Sciences	United States of America
Chaboureaud Jean-pierre	Laboratoire d'Aerologie, University of Toulouse, CNRS, UPS	France
Craig George Clinton	Meteorological Institute LMU Munich	Germany

Cronin Timothy Wallace	MIT	United States of America
Emanuel Kerry Andrew	Massachusetts Institute of Technology, MIT, Department of Earth, Oceans and Planetary Sciences, Center for Meteorology and Physical Oceanography, Program in Atmospheres, Oceans & Climate 'PAOC'	United States of America
Grabowski Wojciech Wlodzimierz	National Center For Atmospheric Research, Atmospheric Chemistry Division	United States of America
Khairoutdinov Marat	Stony Brook University	United States of America
Khouider Boualem	University of Victoria, Dept. Mathematics & Statistics	Canada
Mapes Brian Earle	University of Miami	United States of America
Moncrieff Mitchell . William	National Center For Atmospheric Research (NCAR), Climate and Global Dynamics Laboratory	United States of America
Pincus Robert Morton	U. of Colorado	United States of America
Randall David A.	Colorado State University, D. of the Atmospheric Sciences	United States of America
Semie Addisu Gezahegn	Laboratoire de Meteorologie Dynamique (LMD)	France
Sherwood Steven Crichton	University of New South Wales	Australia
Stevens Bjorn	Max-Planck-Institut fur Meteorologie	Germany
Vallis Geoffrey K.	University of Exeter Department of Mathematics	United Kingdom
Yang Da	Lawrence Berkeley National Lab	United States of America
Zuidema Paquita	University of Miami, Rosenstiel School of Marine and Atmospheric Science	United States of America

84 PARTICIPANTS

Agrawal Nishtha	K Banerjee Centre of Atmospheric and Ocean Studies, Institute of Interdisciplinary Studies, Nehru Science Centre, Faculty of Science, University of Allahabad	India
Alessi Marc James	Cornell University	United States of America
Ali Shaukat	Global Change Impact Studies Centre, Ministry of Climate Change	Pakistan
Anochi Juliana	Center for weather forecasting and climate studies (CPTEC), National Institute of Space Research (INPE)	Brazil
Ayesiga Godwin	University of Reading, The School of Mathematical, Physical and Computational Sciences, Department of Meteorology	United Kingdom
Back Larissa	University of Wisconsin	United States of America
Bao Jiawei	Max Planck Institute for Meteorology	Germany
Baro Perez Alejandro	Stockholm University, Department of Meteorology	Sweden
Behravesht Milad	Institute of Geophysics, University of Tehran	Islamic Republic of Iran
Beucler Tom	University of California, Irvine	United States of America
Bhomia Swati	Atmospheric and Oceanic Sciences Group, Space Applications Centre, Indian Space Research Organization (ISRO)	India
Bhowmick Mansi	DST Centre of Excellence in Climate modelling, Indian Institute of Technology, Delhi.	India
Carstens Jacob Donald	Florida State University Department of Earth, Ocean, and Atmospheric Science	United States of America
Casallas Garcia Alejandro	Science faculty, Department of geoscience - meteorology	Colombia
Cerlini Paolina Bongioannini	CIRIAF CRC University of Perugia (ITALY)	Italy

Chakraborty Tapajyoti	Indian Institute of Technology, Bhubaneswar School of earth, Ocean and Climate Sciences Under the guidance of Dr. Sandeep Pattnaik	India
Chen Xiaomin	National Oceanic and Atmospheric Administration / Atlantic Oceanographic and Meteorological Laboratory/ Hurricane Research Division	United States of America
Chen Yan-ting	Laboratory for Cloud Dynamics and Modeling, Department of Atmospheric Sciences, National Taiwan University	Taiwan Province of China
Choudhury Begum Abida	Department of Physics Assam University, Silchar Assam PIN-788011	India
Da Costa Barreto Naurinete De Jesus	Center for Weather Forecasting and Climate Studies/ National Institute for Space Research (CPTEC/INPE)	Brazil
Da Silva Nicolas	LMD	France
Dao Hoa Nguyen Quynh	Faculty of Meteorology, Hydrology and Oceanography, Hanoi University of Science, Vietnam National University	Viet Nam
Dingley Elisabeth Victoria Grace	Atmospheric, Oceanic and Planetary Physics, University of Oxford	United Kingdom
Evans Colin Parker	Cornell University Department of Earth and Atmospheric Sciences Emergent Climate Risks Lab	United States of America
Fildier Benjamin Marc Francois	UC Berkeley	United States of America
Geet George Geet George	Max-Planck-Institut fur Meteorologie Department: Atmosphere in the Earth Sciences Group: Tropical Cloud Observations	Germany
Glazer Russell	ICTP	Italy
Goswami Bidyut Bikash	Center for Prototype Climate Modeling (CPCM) Computational and Research Building (A2), Level-2, 1122 New York University Abu Dhabi Saadiyat Island PO Box 129188, Abu Dhabi, UAE	United Arab Emirates
Herceg Bulic Ivana	University of Zagreb, Faculty of Science, Department of Geophysics	Croatia

Herrera Lormendez Pedro	Oceanographic Institute of the Gulf and the Caribbean Sea, Mexican Navy University	Mexico
Howard Emma	School of Geography and the Environment University of Oxford, United Kingdom	United Kingdom
Hu Zeyuan	Earth and Planetary Sciences, Harvard University	United States of America
Huang Yu	Columbia University in the City of New York	United States of America
Ivasic Sara	Department of Geophysics, Faculty of Science, University of Zagreb Horvatovac 95, 10000 Zagreb, Croatia	Croatia
Jaramillo Moreno Alejandro	Universidad Nacional de Colombia, Medellin Campus	Colombia
Kalmar Timea	Eotvos Lorand University, Institute of Geography and Meteorology, Department of Meteorology	Hungary
Karypidou Maria Chara	Aristotle University of Thessaloniki, Faculty of Sciences, School of Geology, Department of Meteorology and Climatology	Greece
Kruse Irene Livia	Utrecht University	The Netherlands
Labri Giacomo	University of Bologna	Italy
Leutwyler David	Max Planck Institute for Meteorology	Germany
Li Yi-xian	(1) Climate Dynamics and Air-Sea Interaction Laboratory, Dept. of Atmospheric Sciences, National Central University (2) Earth System Science, Taiwan International Graduate Program, Academia Sinica	Taiwan Province of China
Lukovic Jelena	University of Belgrade, Faculty of Geography, Physical Geography Lab	Serbia
Maithel Vijit	Graduate Student, Atmospheric and Oceanic Science department, University of Wisconsin-Madison	United States of America
Martin Zane Karas	Columbia University	United States of America
Minjares Gonzalez Monica Chantall	CLiSAP, Universitat Hamburg	Germany

Miyawaki Osamu	University of Chicago Department of Geophysical Sciences	United States of America
Montoya Duque Estefania	Max Plank Insitutit for Meteorology, The Land in the Earth System	Germany
Navarro Rene	ICTP	Italy
Oguejiofor Chibueze Nnamdi	The African Institute for Mathematical Sciences (AIMS)	Rwanda
Ogungbenro Stephen Bunmi	Department of Meteorology and Climate Science, Federal University of Technology Akure,	Nigeria
Osei Marian Amoakowaah	Kwame Nkrumah University of Science and Technology (KNUST), Faculty of Physical and Computational Sciences, Department of Physics, Meteorology and Climate Science Unit	Ghana
Pandey Pushpa	K. Banerjee Centre of Atmospheric and Ocean Studies (K.B.C.A.O.S.), University of Allahabad, Allahabad -211002 (U. P.), India	India
Pathak Raju	CENTRE FOR ATMOSPHERIC SCIENCES, INDIAN INSTITUTE OF TECHNOLOGY DELHI (IITD)	India
Phadtare Jayesh Anand	Centre for Atmospheric and Oceanic Sciences, Indian Institute of Science, Bangalore.	India
Pham Ha Thanh	Department of Meteorology and Climate Change, VNU University of Science	Viet Nam
Pope Kieran Nicholas	University of Reading Department of Meteorology School of Mathematical, Physical and Computational Sciences	United Kingdom
Rahman Muhammad Ashfaqur	ICTP	Italy
Ramirez Reyes Argel	Atmospheric Science Program Department of Land Air and Water Resources University of California, Davis	United States of America
Sarbeng Emmanuel	Monash University	Australia
Schulz Hauke	Max Planck Institute for Meteorology The Atmosphere in the Earth System Department	Germany

Sergeev Denis	College of Engineering, Mathematics and Physical Sciences, University of Exeter	United Kingdom
Shamekh Sara	LMD, Ecole Normale Superieure	France
Shivamoggi Rohini Bhimsen	Massachusetts Institute of Technology	United States of America
Song Si Won	Climate Change Research Centre, University of New South Wales Advisor: Dr. Steven Sherwood	Australia
Stauffer Catherine	The Florida State University The Department of Earth, Ocean and Atmospheric Science	United States of America
Suematsu Tamaki	Department of Physical Oceanography, Atmosphere and Ocean Research Institute, The University of Tokyo	Japan
Svendsen Mikkel	Niels Bohr Institute (Atmospheric complexity research group), Faculty of Science, University of Copenhagen	Denmark
Tsai Wei-ming	University of Miami, Rosenstiel school of marine and atmospheric sciences	United States of America
Uribe Cortes Alejandro	Stockholms Universitet	Sweden
Van Laar Thirza Willemijn	University of Cologne Institute for geophysics and meteorology	Germany
Vazaeva Natalia	A.M. Obukhov Institute of atmospheric physics Russian Academy of Science, laboratory of geophysical hydrodynamics	Russian Federation
Vijay Dixit Vishal	Civil Engineering and Geoscience, Delft university of Technology	Netherlands
Villegas Bolanos Nancy Liliana	Departamento de Geociencias, Universidad Nacional de Colombia, Sede Bogota	Colombia
Virman Meri Tuulia	Institute for Atmospheric and Earth System Research / Physics, Faculty of Science, University of Helsinki	Finland
Wei Xin	Department of Earth and Planetary Sciences, Harvard University	United States of America
Windmiller Julia Miriam	Max Planck Institute for Meteorology	Germany
Wu Shun-nan	University of Miami, Rosentiel School of Marine and Atmospheric Science, working with Dr. Brian Soden	United States of America

Yanase Tomoro	Research Section of Severe Storm and Atmospheric Environment, Disaster Prevention Research Institute, Kyoto University.	Japan
Yang Bolei	School of Atmospheric Sciences, Nanjing University	People's Republic of China
Yang Guang	Department of Atmospheric Sciences, University of Hawaii at Manoa	United States of America
Yao Lin	School of Atmospheric Sciences, Nanjing University	People's Republic of China
Zhang Yi	Program in Atmospheric and Oceanic Sciences, Princeton University	United States of America
Zhou Wenyu	Lawrence Berkeley National Lab	United States of America
Zhou Yihao	School of Atmospheric Sciences	People's Republic of China
