

**INTRO - the radiative equation, interaction with a  
slab - interaction with atmosphere gases, line  
broadening mechanisms - interaction with clouds -  
methods to model radn, 2 stream, 6 stream, 3D  
models, Monte Carlo, Spherical harmonic**

*Monday, 1 July 2019 11:20 (1:20)*

**Content**

**Summary**

**Presenter(s) :** PINCUS, Robert (U. of Colorado, USA)

**Session Classification :** notitle
