# Fifth Workshop on Water Resources in Developing Countries: Hydroclimate Modeling and Analysis Tools | (smr 3294)

## Friday 31 May 2019

### notitle - Kastler Lecture Hall (AGH) (09:00-17:00)

| time  | title   | presenter                        |
|-------|---|----------------------------------|
| 09:00 | Hydrological and flood modelling at JRC                                     | DOTTORI, Francesco               |
| 10:00 | Group foto and coffee break   |                                  |
| 10:30 | Modelling the impacts of climate extremes                                   | DOTTORI, Francesco               |
| 11:30 | Hydrological and hydraulic modelling for flood map estimation: a case study | NOGHEROTTO, Rita                 |
| 12:30 | lunch break   |                                  |
| 14:00 | Lab session on CHyM hydrological modelling                                  | DI SANTE FABIO / FANTINI ADRIANO |
| 15:30 | coffee break  |                                  |
| 16:00 | Lab session on CHyM hydrological modelling                                  | DI SANTE FABIO / FANTINI ADRIANO |
