

Black Holes, Binary Systems, and Gravitational Waves - 3. Comparable-Mass Binaries

Wednesday, 17 July 2019 14:15 (1:15)

Content

3.1 The Landau-Lifshitz Formulation of General Relativity
3.2 The Relaxed Einstein Equations
3.3 The DIRE Approach
3.4 Post-Newtonian Waveforms

Summary

Presenter(s) : YUNES, Nicolas (Montana State University, USA)

Session Classification : notitle
