

**Joint ICTP-IAEA School on FPGA-based SoC and its Applications for
Nuclear and Related Instrumentation | (smr 3562)**

Contribution ID : **674**

Type : **not specified**

Systems on chip challenges and RISC V architecture

Thursday, 18 February 2021 17:00 (1:30)

Content

Summary

Presenter(s) : NIZAR ABDALLAH (Software and System Engineering, SoC Products, Microsemi, USA)

Session Classification : Session 35
