20th International Workshop on Computational Physics and Materials Science: Total Energy and Force Methods | (smr 3554)

Tuesday 23 February 2021

Plenary talk - Online (13:40-14:26)

Chair: Emilio ARTACHO (University of Cambridge, UK)

time	title	presenter
13:40	The essential physics needed to understand the basic electronic properties of 3d oxides	ALEX ZUNGER
14:16	Coffee break
