Joint Summer School on Modelling Tools for Sustainable Development | (smr 3581)

Wednesday 30 June 2021

Modelling national: Balances, Projections, Energy Investment, Integrated Investments and Financing - Online (11:10-12:10)

Chairperson: Lara ALLEN (CCG National Partnerships Director, Cambridge University, UK)

In this session presentations will be made by participants of the summer school. Those will be in the form of a 5 min 'pitch' to a high level policy maker. There is one 'pitch' per track. Each presentation is 5 mins long. This reflects the real life communication time constraints that many analysts and decision makers are often under. After each presentation there will be space allowed for three mins of questions.

time	title	presenter
11:10	Track (2) The Global Electrification Platform and OnSSET	MS. NADIA OUEDRAOGO
11:18	Track (3) Energy Modelling and Flexibility	MR. YAMDA HAMILEMBA
