Joint ICTP-IAEA International School on Radioactive Waste Package Performance Testing | (smr 3636)

Monday 15 November 2021

Waste Form Testing Protocols: Physicomechanical Requirements Environmental Interaction Requirements - Online (10:00-13:15)

The virtual Webex meeting room will be open 10 minutes before the meeting scheduled start time.

time	title	presenter
10:00	Methods for Monitoring Thermal-hydraulic Parameters During Smectite Clay Barriers Experiment	AMIT K. VERMA
10:45	Resistance to Thermomechanical (Environment) Testing of Waste Forms and Containers. Part I	AMIT K. VERMA
11:30	Discussions and Questions	
11:45	Break	
12:30	Resistance to Thermomechanical (Environment) Testing of Waste Forms and Containers. Part II	AMIT K. VERMA
