

PHYSICS WITHOUT FRONTIERS: VENEZUELA

Physics REBoot Venezuela

Applied Computer Science Bootcamp
29 August - 13 September 2021

<https://tinyurl.com/vexkzedc>

Physics Research and Education Bootcamps for Venezuela (Physics REBoot Venezuela) is a year-long project by PWF and COF Alumni USB, comprised of a series of bootcamps that aims to improve the career-developing conditions of undergraduate and graduate physics students in Venezuela.

Organising Committee:

Maria Teresa Barrera, RWTH Aachen University.

Antonio Figueroa, RWTH Aachen University.

Mauricio Gómez Vilorio, Université de Strasbourg (IPCMS).

Manuel Morgado, Université de Strasbourg (CESQ).

Kevin Ng, Northeastern University.

Julián Rey, Instituto de Física Teórica, Universidad Autónoma de Madrid.

Anabel Romero Hernandez, University of Illinois at Urbana-Champaign.

Karleyda Sandoval, Oklahoma State University.
