Eco-evolutionary Dynamics of Microbial Communities Across Scales | (smr 3714)

Thursday 09 June 2022

- Adriatico Guest House - Giambiagi Lecture Hall (10:30-16:00)

time	title	presenter
10:30	Warmer temperatures favor slower-growing bacteria in natural marine communities	MARTINA DAL BELLO
12:00	Discussion	
12:30	Lunch Break	
14:00	Dynamic proteome allocation regulates the profile of interaction of auxotrophic bacterial consortia	DANIELA REYES GONZALEZ
15:30	Discussion
