Strongly Correlated Matter: from Quantum Criticality to Flat Bands | (smr 3732)

Thursday 01 September 2022

Afternoon session - Kastler Lecture Hall (AGH) (14:00-17:00)

Chair: Leni BASCONES (Material Science Institute of Madrid)

time	title	presenter
14:00	Time Reversal Symmetry Breaking and Multi-Component Order Parameter in Complex Superconductors	AHARON KAPITULNIK
14:45	Chiral Stoner Magnetism in Dirac Bands	LEONID LEVITOV
15:30	Coffee break	
16:00	Narrow Bands and Dissipation in Quantum Materials	FRIEDRICH MALTE GROSCHKE
16:45	Q&A
