QLS Meeting - The adjacent possible of stochastic thermodynamics

Wednesday 13 July 2022

**Neurobiological systems, communication - Leonardo Building - Lecture Room B
(11:00-17:00)**

time	title	presenter
11:00	Category theory for entropy and Markov modeling	ANDRES ORTIZ (SANTA FE INSTITUTE)
14:00	Entropy production in mechanosensation and perception	EDGAR ROLDAN
15:00	Stochastic thermodynamics and Shannon communication theory	FARITA TASNIM
16:00	Learning sequence-to-sequence tasks	SEBASTIAN GOLDT
