

Anomalous Heat Conduction in Low Dimensional Systems: The 1-d Hard Particle Gas and Dimensional Crossover from 2 to 1 Dimensions in The FPU Model

Monday, 15 July 2002 10:00 (1:00)

Content

Summary

Primary author(s) : P. GRASSBERGER (John von Neumann Institute for Computing, FZ Jülich, Germany)

Presenter(s) : P. GRASSBERGER (John von Neumann Institute for Computing, FZ Jülich, Germany)

Session Classification : Anomalous Heat Conduction in Low Dimensional Systems: The 1-d Hard Particle Gas and Dimensional Crossover from 2 to 1 Dimensions in The FPU Model
