

The Electronic Structure and Fermi Surface of Bi-2212 based HTSC from High Resolution Angle-Scanned Photoemission

Tuesday, 18 July 2000 11:20 (0:50)

Content

Summary

Primary author(s) : M. GOLDEN (IFW-Dresden)

Presenter(s) : M. GOLDEN (IFW-Dresden)

Session Classification : The Electronic Structure and Fermi Surface of Bi-2212 based HTSC from High Resolution Angle-Scanned Photoemission
